

Superannuation calculator

# How much super will you retire with?

Moneysmart's  
free super  
calculator

Ever wonder how much super you could have when you retire?

Moneysmart has a free, independent online calculator to estimate your balance.

Australian Government

**Moneysmart**  
.gov.au

# Learn the facts

See how small changes can add up over time.

Understand what can affect your balance when you retire, like:

- ✓ Fund fees
- ✓ Retirement age
- ✓ Additional contributions
- ✓ Salary sacrifice
- ✓ Investment options

# Track the difference

See how your super could grow, based on your plans.

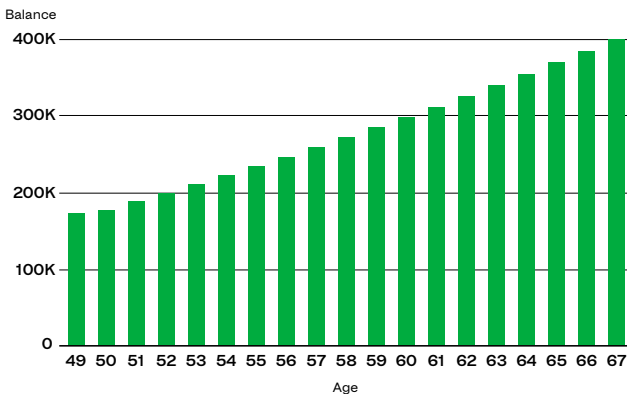

Example:

### Without salary sacrifice

Age: 50, Salary \$70,000 Super balance \$175,000

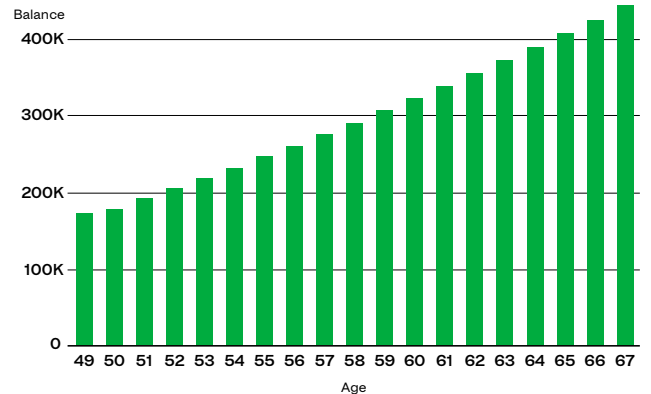

### With salary sacrifice \$200/month

Age: 50, Salary \$70,000 Super balance \$175,000

Estimated super balance (including fees) (Age 67)

## \$402,317

Estimated super balance (including fees) (Age 67)

## \$445,861

Make the most of your super
